PROFESSIONAL SUMMARY

Results-driven Learning Consultant and Instructional Designer with **3+ years** of experience designing and developing engaging eLearning, instructor-led, and blended learning solutions for technical and corporate audiences. Currently at London Stock Exchange Group (LSEG), combining instructional design expertise with AI-assisted front-end development to deliver scalable Learning Experience Platforms (LXP) and globally rolled-out learning content. Proficient in the ADDIE model, Bloom's Taxonomy, and industry-standard authoring tools (Articulate Storyline 360, Rise 360, Adobe Captivate, Camtasia, Synthesia), with strong technical skills in HTML, CSS, JavaScript, and GitHub Copilot. Proven record of improving learner proficiency, increasing training completion, and accelerating content delivery through data-driven, accessible (WCAG 2.1 AA) design.

CORE COMPETENCIES

Instructional Design & L&D: Instructional Design, eLearning Development, Curriculum Development, Learning Experience Design, ADDIE Model, Bloom's Taxonomy, Storyboarding, Needs Analysis, Learning Experience Platform (LXP) Design, LMS, SCORM, Instructor-Led Training (ILT), Virtual Instructor-Led Training (VILT), Web-Based Training (WBT), Microlearning, Gamification, Assessment Design, Job Aids, Quick Reference Cards (QRC), Accessibility (WCAG 2.1 AA)

Authoring & Multimedia Tools: Articulate Storyline 360, Articulate Rise 360, Adobe Captivate, Camtasia, Synthesia, Figma, Canva, Microsoft PowerPoint, Microsoft Office 365

Technical & AI Skills: HTML, CSS, JavaScript, GitHub Copilot, AI-Assisted Development, Generative AI Tools, Prompt Engineering, Java, AWS, SQL, Git

Professional Skills: Stakeholder Management, Cross-Functional Collaboration, Project Management, Data-Driven Decision Making, Content Strategy

PROFESSIONAL EXPERIENCE

London Stock Exchange Group (LSEG) - Bengaluru, India | May 2026 - Present

Learning Consultant / Instructional Designer

- Design and build an end-to-end Learning Experience Platform (LXP) dashboard, including a landing page tailored to user requirements, delivering a scalable solution that supports up to 35,000 colleagues across LSEG (front-end development with GitHub Copilot, HTML, CSS, JavaScript).
- Accelerate flagship LXP front-end delivery through AI pair-programming, reducing development time while maintaining code quality, accessibility, and scalability.
- Produce AI-generated video learning content for the First Time People Leader programme, rolled out globally across LSEG using Synthesia.
- Design and develop an interactive Workspace AI Search learning module for self-service upskilling using Articulate Rise 360.
- Build interactive Data Governance course suites for internal product-based data programmes, engineering advanced interactivity and custom functionality with layers, triggers, and custom JavaScript in Articulate Storyline 360.

NIIT - Gurgaon, India (Remote) | Dec 2024 - Apr 2026

Senior Technical Instructional Designer II

- Analyzed and developed 20+ diverse learning assets (Job Aids, QRCs, ILTs, VILTs, WBTs) for ServiceNow, enhancing user proficiency and reducing ServiceNow-related support tickets by 15%.
- Partnered with Rockwell Automation to produce engaging internal training videos in Camtasia, increasing training completion rates by 25% and reducing new-hire onboarding time by 10%.
- Authored and refined internal training content for Nokia, including presentation decks, quiz questions, and video reviews in Articulate, contributing to a 10% faster ramp-up time for new employees.
- Developed an in-house PDF-to-Word converter and PDF merger using code, improving client data security by eliminating dependence on external tools.

- Developed foundational Master Documents and ILT presentations for the Stack Route project, leveraging Generative AI tools (NCAP, AI Story Weaver) to reduce content development time by 20% and increase content personalization by 30%.

Netcom Learning - United States (Remote) | Mar 2024 - Dec 2024

Instructional Designer - [Product Design Video](#)

- Designed and delivered 20+ AI and Blockchain certification programs, consistently achieving on-time completion and boosting overall team productivity by 30%.
- Led end-to-end production of a promotional video for AI Certs, collaborating with cross-functional leadership (General Manager, Directors, Senior Marketing Manager, and Vice President of Product Design), directly driving a 50% increase in sales.
- Applied a learner-centric design methodology to develop interactive educational videos across multiple projects, increasing video completion rates by 15% and improving average quiz scores by 10%.

Simplilearn - Bengaluru, India | Apr 2023 - Mar 2024

Associate Instructional Designer

- Collaborated with leading universities (MIT, Caltech, Purdue, UMass, IIIT Kanpur) to develop advanced training curricula for Master's, PG, and Bootcamp programs, increasing course enrollment by 20%.
- Customized technical courses for major B2B clients (Vodafone, Mphasis, Dell, IBM) based on learner ratings and job requirements, improving client satisfaction by 15% and course completion by 10%.
- Developed engaging ILT, VILT, and WBT materials (webinar decks, audio scripts, job aids, manuals, projects, assessments) using the ADDIE model, reducing learner drop-off rates by 25%.

EDUCATION

Rajeev Institute of Technology - Hassan, India | Aug 2018 - Jun 2022

Bachelor of Engineering (B.E) | CGPA: 7.5/10

CERTIFICATIONS & AWARDS

- Certified in Synthesia and Adobe Captivate, demonstrating expertise in multimedia and video-based learning content creation.
- Rising Star Award, Simplilearn - recognized for designing and developing impactful real-time projects for university programs in Software Development, Cloud, and DevOps, significantly enhancing practical learning outcomes.
